Remote Deposit Single Sign On User Setup Guide

Single Sign On allows users to access Remote Deposit through a single login through Business Online Banking.

Company administrators: Complete the following steps to set up a Remote Deposit user for single sign on access through Business Online Banking.

- To create a <u>new</u> user for Business Online Banking AND Remote Deposit, you must first create the user in Business Online Banking. Please follow the steps outlined in the attached <u>User Setup and Approval Entitlements Guide</u> to create the new user and then proceed to step 1 below.
- To add Remote Deposit for an existing Business Online Banking user, begin with step 1 below.
- Select Administration > Company Administration.

Remote Deposit Single Sign On

Click the **Edit** icon and enter the user's Remote Deposit user ID in the **Link the user to this Remote Deposit user ID** text box. Click **Save Changes**.

A second approval may be required to complete the setup. Once all approvals are received and setup is complete, the user may access Remote Deposit by navigating to **Account Services>Remote Deposit**.

Remote Deposit displays and the user is automatically logged in and may begin using the service. Users must log out of the Remote Deposit application (top right side of page) before closing browser window.
